vii Preface The first edition of my Disorders of Personality text (1981) was widely regarded as the classic book in the field. Given its coordination with a theory of personality and psychopathology and with the then newly published DSM-III, it gained immediate acceptance among mental health professionals, the audience for which it was intended.

Financial modeling is the task of building an abstract representation (a model) of a real world financial situation. This is a mathematical model designed to represent (a simplified version of) the performance of a financial asset or portfolio of a business, project, or any other investment.. Typically, then, financial modeling is understood to mean an exercise in either asset pricing or ...

The three laws of motion were first compiled by Isaac Newton in his *Philosophiæ Naturalis Principia Mathematica* (Mathematical Principles of Natural Philosophy), first published in 1687. Newton used them to explain and investigate the motion of many physical objects and systems. For example, in the third volume of the text, Newton showed that these laws of motion, combined with his law of ...
