Learn more about these metrics Article Views are the COUNTER-compliant sum of full text article downloads since November 2008 (both PDF and HTML) across all institutions and individuals. These metrics are regularly updated to reflect usage leading up to the last few days.

Integration of Pharmaceutical Discovery and Development

Senior R&D management generally believes that a greater integration of drug discovery and development will improve the selection and optimization of clinical candidates. I demonstrate the different nature of discovery and development with discovery tasks seen as more uncertain, having more reciprocal work flows and more under the control of management than development tasks.
