Maker City: A Practical Guide for Reinventing American

Autodidacticism (also autodidactism) or self-education (also self-learning and self-teaching) is education without the guidance of masters (such as teachers and professors) or institutions (such as schools). Generally, an autodidact is an individual who chooses the subject they will study, their studying material, and the studying rhythm and time.

Are you looking for ways to separate your education business from the pack and stop competing on price? Would you welcome innovations that help you raise the value you deliver while also lowering your cost structure?. With this post I'm kicking off an exploration of some "Blue Ocean" strategy tools that can help you achieve these very goals.
