Directory of Sustainable and Organic Food, Organic

Organic mulch is recommended for most medium and high water-use beds or borders. Organic mulch, used in conjunction with an under-mulch drip irrigation system, is highly beneficial to plants and soil life. This section is loaded with tips and guidelines to help your plants and soil reap the most benefits.

The following list contains more than 300 easy-to-read titles covering organic production, livestock, horticultural crops, business and marketing, farm energy, water and pest management and more.

ATTRA | National Sustainable Agriculture Information

Organic certification is a certification process for producers of organic food and other organic agricultural products. In general, any business directly involved in food production can be certified, including seed suppliers, farmers, food processors, retailers and restaurants. A lesser known counterpart is certification for organic textiles (or Organic clothing) that includes certification of ...

Create rich compost out of your organic waste. The NYC Compost Project hosted by Brooklyn Botanic Garden helps to reduce waste in NYC and rebuild city soils by giving New Yorkers the knowledge, skills, and opportunities they need to produce and use compost. The project is funded and managed by the NYC Department of Sanitation's Bureau of Recycling and Sustainability.
