corporate elites usually lose out and certain corporate elites usually benefit. After a brief discussion of the evidence and debates, these conclusions will be illustrated with a case study of the Granada take-over of Forte in 1995-96. The corporate PR industry has grown significantly during the last two decades.

The following bibliography includes major books devoted explicitly to media ethics. They are arranged chronologically. After a productive 1920s and early 1930s, no book on journalism or broadcasting ethics appears again until 1963; this 30-year interruption reflects the influence of positivism on the journalism enterprise. More than half of all the
