Religion, Politics and Social Change: A Theoretical Framework AMRSABET Religion versus Secularism: Tensions within Modernity In contemporary political jargon, 'social change' has conventionally come to mean the natural evolution of all members of the global village towards a modern state of existence.

### **Religion, Politics and Social Change: A Theoretical Framework**

Social change is the transformation of culture and social organisation/structure over time. In the modern world we are aware that society is never static, and that social, political, economic and cultural changes occur constantly.

### **2. Social Change Introduction - World Animal**

The Politics and Social Change workshop promotes the development of a community of scholars interested in how power relations shape social patterns in societies around the world. We define "politics" broadly to include everything from gender politics within the household to state politics within a transnational system.
