Pragmatism is a philosophical tradition that began in the United States around 1870. Its origins are often attributed to the philosophers William James, John Dewey, and Charles Sanders Peirce. Peirce later described it in his pragmatic maxim: "Consider the practical effects of the objects of your conception. Then, your conception of those effects is the whole of your conception of the object."

Too often, emergency response is limited to addressing practical, short-term emergency needs, through service delivery. Without minimizing the value of these services or their importance, they do not always fit within a framework that protects and promotes the rights of beneficiaries, like a rights-based approach would do.
