Quality preschool programs that develop the whole child through age-appropriate socioemotional and cognitive skill-building hold promise for significantly improving child outcomes. However, preschool programs tend to either be teacher-led and didactic, or else to lack academic content. One preschool model that involves both child-directed, freely chosen activity and academic content is Montessori.

Having lived through both World Wars, Jung was aware of the dangers of what he termed "psychic epidemics." He discussed the spontaneous manifestation of an archetype within collective life as indicative of a critical time during which there is a serious risk of a destructive psychic epidemic. Currently, we appear to be experiencing a significant psychic epidemic that is manifesting as ...
