I argue that men draw on "masculine" behaviors to cope with their victimization, and hegemonic masculinity constructs and shapes men's experiences of rape. The analysis in this article is vital to understand how men respond and cope with rape, and it encourages further theoretical and empirical research on this neglected issue in England and Wales, United Kingdom.

### **The Dark Side of Men: The Nature of Masculinity and Its**

In The Nature of Masculinity, Steve Garlick provides an innovative integration of the critical theory tradition with contemporary gender theories of masculinity, focused on issues of complexity, affect, and biopolitics. These theories are deployed to yield penetrating and important insights into masculinity, technology, and human engagement with the natural world.

Masculinity, Nature, Ecofeminism "Your masculinity is only as secure as your last competitive achievement. This fear of what nature might reveal is an endemic aspect of dominant forms of masculinity. It is built upon a denial of what cannot be denied, since it remains part of us" -Victor Seidler (1994, p.18)

### **Masculinity, Nature, Ecofeminism - Richard Twine**

Hegemonic masculinity refers to the dominant ideal or model of masculinity in societies in contrast to subordinated masculinities that do not live up to the social ideal of masculinity (Connell, 2005). To better understand and explain male rape, with the help of hegemonic masculinity as the theoretical backdrop, I will critically review the current literature in circulation concerning male rape and research on gender, masculinity, and sexuality more broadly.

tics of masculinity, John Beynon's *Masculinities and Culture* makes an exciting intervention into current debates. His discussion centres from the outset on the tensions engendered between discourses of "maleness", based on a conception of physiological difference, and those of "masculinity" as a complex set of cultural constructions.

## **MASCULINITIES AND CULTURE - McGraw-Hill Education**

It is the very nature of men that gives rise to masculinity and the nature of women that gives rise to femininity. Femininity and masculinity are the conscious, chosen behaviors of women and men to act in accordance with their nature as women or men respectively.

## **The Roots of Gender: Defining Femininity and Masculinity**

men. Masculinity is something men do, not something they necessarily define in any systematic way. Beyond this taken-for-granted view however, there is something bigger about the unarticulated nature of masculinity for most men. As Pierre Bourdieu once noted, masculinity, as a hegemonic ideology, dispenses with the need for justification.

## **Man Talk, Masculinity, and a Changing Social Environment**

In contrast to earlier perspectives of the nature versus nurture debate, contemporary social scientists suggest masculinity to stem from both nature and nurture, as both biological predispositions and social factors intersect to give rise to masculine gender identities.
