

the self preservation society pdf

Self-preservation is a behavior that ensures the survival of an organism. It is almost universal among living organisms. [citation needed] Pain and fear are integral parts of this mechanism. Pain motivates the individual to withdraw from damaging situations, to protect a damaged body part while it heals, and to avoid similar experiences in the future. Most pain resolves promptly once the ...

Human self-reflection is the capacity of humans to exercise introspection and the willingness to learn more about their fundamental nature, purpose and essence. The earliest historical records demonstrate the great interest which humanity has had in itself. Human self-reflection is related to the philosophy of consciousness, the topic of awareness, consciousness in general and the philosophy of ...
