International relations theory is the study of international relations (IR) from a theoretical perspective. It attempts to provide a conceptual framework upon which international relations can be analyzed. Ole Holsti describes international relations theories as acting like pairs of coloured sunglasses that allow the wearer to see only salient events relevant to the theory; e.g., an adherent ...

Anomie (/ ˈ ɒ n i ˈ ɛ m i /) is a "condition in which society provides little moral guidance to individuals". It is the breakdown of social bonds between an individual and the community, e.g., under unruly scenarios resulting in fragmentation of social identity and rejection of self-regulatory values. [citation needed]The term is commonly understood to mean normlessness, and believed to have ...

New Criticism. A literary movement that started in the late 1920s and 1930s and originated in reaction to traditional criticism that new critics saw as largely concerned with matters extraneous to the text, e.g., with the biography or psychology of the author or the work's relationship to literary history.

This raises a curious observation: it should really only be kosher to round off >1 digit at a time. If you only know something to the accuracy of 44.5, you can't round to 45, only to 40, because the 0.5 is already "rounded" within your understanding of its accuracy" it could be a 44.48, and therefore the rounding to 45 isn't appropriate.
