5 right people. Effective strategic and operational decision-making hinges on that information being relevant, timely and robust and that means it has to

Understanding corporate value: managing and reporting

An intellectual is a person who engages in critical thinking, research, and reflection about society and proposes solutions for its normative problems, and gain authority as public intellectuals. Coming from the world of culture, either as a creator or as a mediator, the intellectual participates in politics either to defend a concrete proposition or to denounce an injustice, usually by ...

World Intellectual Property Report 2017 - Intangible

The Great Transformation is a book by Karl Polanyi, a Hungarian-American political economist. First published in 1944 by Farrar & Rinehart, it deals with the social and political upheavals that took place in England during the rise of the market economy. Polanyi contends that the modern market economy and the modern nation-state should be understood not as discrete elements but as the single ...
